RCSD Rated High Performing in State Accountability System

Brandon, MS – The Rankin County School District (RCSD) received a High Performing Designation in the States new Accountability Rating System. RCSD is in the top 14 percent of all school districts in the state. Two of our schools received the Star School Designation. This is the highest ranking a school or district can receive and only 35 of the states 799 schools received this label. Those schools are Brandon High School and Northwest Rankin High School.

“Principals Buddy Bailey (Brandon) and Richard Morrison (Northwest Rankin) do an excellent job leading their schools on a daily basis. They provide the kind of leadership that encourages and supports their teachers to teach in a way that helps their students learn,” said RCSD Superintendent Dr. Lynn Weathersby.
